

Universal Declaration of Human Responsibilities

Change

Set goals for change and preservation

Set Goals to Enhance Quality of Life and Reduce Suffering

- Understand the consequences of our collective actions
- Protect all living systems and the life within them from destruction
- Preserve our most vital natural and cultural heritage
- Reduce toxicity and keep earth systems in balance
- Work to ensure no one suffers if the resources exist to remove that suffering
- Define success with good measures and credible data
- Be accountable and transparent about progress or the lack thereof

Choices

Govern to allow freedoms and accept limits according to values

Become Informed Citizens and Make Conscious Choices

- Prevent violence and resolve conflicts peacefully
- Make conscious, holistic choices about our lives and work
- Understand the significance of everyday choices
- Live a life which is sustainable for the planet
- Learn about the planet and the human story
- Learn about other people, communities and our society
- Help align private and public choices for collective gain

Capability

Create beneficial and shut down harmful capacity

Create the Means to Achieve our Goals Efficiently and Effectively

- Give every child a quality education and support good health
- Create opportunities for fulfilling careers at a living wage
- Uphold our expected civic duties and claim our rights
- Use scarce resources thoughtfully and without waste
- Create and invest in systems and spaces to achieve our goals
- Dismantle systems that produce harm or hinder shared goals
- Grow shared, affordable energy, assets, infrastructure, and utilities

Community

Unify as a world while creating more diversity

Care for Ourselves and Treat One Another Well

- Protect ourselves from harm through self-defense
- Promote self-care, wellness, physical and mental health
- Care for those who cannot care for themselves, or are marginalized
- Work to eliminate poverty, hunger, oppression and severe deprivation
- Respect and care for people different from us
- Promote gender equality and reduce other inequalities
- Seek mutual co-operation and compete by shared rules
